In view of the fact that the Bureau has been advised that arrangements have been made for your company to pack such salmon as may be taken under Permit No. 81-1924, issued to the Polar Fisheries Company for its Chisik Island cannery, you are advised that the statistical report submitted by you at the end of the 1924 season should show separately the catch by the gear operated under the Polar Fisheries Company permit and also the number of cases of each species of salmon packed therefrom.
